“A city is built of stone, concrete and steel, but it is made by stories”

Graduated architect from the Bezalel Academy of Arts and Design, Jerusalem, Israel. Currently persuing a master's degree in urbanism at Delft University of Technology, The Netherlands.

In addition to his academic studies, Dor has previously worked with Gil Krivine Architects firm in Jerusalem, where he took part in several affordable housing projects in Israel.

Dor is passionate about the relations between architecture and the urban scale – as well as urban regeneration, sustainability, and climate resilience in architecture and urban design.
